## Review Current Academic Data:

	Reading Acadience		Math Acadience	
	Proficiency Increase Average	Growth Average	Proficiency Increase Average	Growth Average
<b>Kindergarten</b>	+31%	81%		
<b>1st Grade</b>	+9%	54%	+22%	90%
<b>2nd Grade</b>	-7%	54%	+10%	75%
<b>3rd Grade</b>	-5%	59%	+7%	73%
<b>4th Grade</b>	0%	52%	+7%	69%
<b>5th Grade</b>	+2%	60%	15%	70%

Our school’s reading and math data were presented on. We have seen lots of growth in Math, and are currently at our End of Year goals in both growth and proficiency for each grade level based on last year’s scores. We will continue to work on this, and we know at the end of the year we will have great growth, we are also hanging in with the district in our scores.

Our reading data will continue to be worked on for the remainder of the year. At our data meetings, plans were made for next steps. These plans include ensuring that students are spending more time in text each day. In the upper grades, we will continue to focus on the connection to writing.

**PEERS Goal #1** - 75% of students will achieve typical or above typical growth with 5% + increase in proficiency according to EOY Math Acadience. All 4th and 5th grade teams will achieve a median growth score of 40% or higher according to RISE.

**PEERS Goal #2** - 78% of students will achieve typical or above typical growth with 5% + increase in proficiency according to EOY Reading Acadience. All 4th and 5th grade teams will achieve a median growth score of 40% or higher according to RISE. 70% of kindergarten and first grade students will be blue in EOY Acadience.

**PEERS Goal #3** - 75% or more of students will achieve proficiency in science and/or show at least a year’s worth of growth. All 5th grade teams will achieve a median growth score of 40% or higher according to RISE.
